Fire Compliance Scheme

Protecting You,
your Property and
your Reputation.

**Polices.
Rules.
Regulations.
Compliance.**

Can you prove you are complying with Fire Regulations?

We guarantee that members of the FCMS Fire Compliance Scheme, who follow our guidance, will achieve and sustain compliance through our proven methodology and processes. Our Clients enjoy the added value we bring but also appreciate the cost saving solutions we frequently bring to well-managed projects, meticulously planned within an inch of its life.

Introduction to the Fire Compliance Scheme

This risk reduction Fire Compliance Scheme provides business owners, staff and stakeholders with peace of mind that both the organisations and 'Responsible Persons' are compliant and meeting their legal obligations, together with safeguarding lives and their assets. The FCMS Fire Compliance Scheme is an Easy, Peace of Mind and Cost Effective Solution to achieving and sustaining compliance with the Fire Regulations. **We Guarantee it!**

Fire Compliance Scheme

'Compliance' & 'being compliant' are becoming commonplace terms in connection with fire safety. They do, however, have different interpretations from individual to individual & organisation to organisation.

When we use the term 'Fire Compliance', we mean meeting or exceeding the Regulatory Reform (Fire Safety) Order requirements AND having robust and comprehensive measures in place to protect the lives and assets for which you are responsible. This goes well beyond the basic statutory requirement to hold a suitable and sufficient Fire Risk Assessment.

Scheme Components

The Scheme, underpinned by the vast experience of our team of Fire Risk Assessors and Fire Engineers, has been designed to provide the key components every organisation needs to guarantee compliance, including:

- An annual Fire Risk Assessment Review for each of the premises covered within the Scheme
 - Access to our online fire training portal, with licenses for 20% of your workforce
 - Telephone support from our specialist team of Fire Risk Assessors and Fire Engineers
 - Access to our web portal to manage remedial actions on your premises
- Quarterly updates and practical interpretations of legislative changes, CLG guidance document updates and best-practice thinking.

The Fire Compliance Scheme has been developed and refined during the past nine years to ensure it is an affordable, monthly plan, designed to suit every organisation type.

Fire Compliance Check

**Employers.
Managers.
Owners.
Protected.**

Are you vulnerable
and wide open to
enforcement action,
even prosecution?

Can you prove you are complying with Fire Regulations?
Protecting your companies 'Reputational Risk' can be a challenge, however, you can rely on FCMS whom have a proven track record of creating cost effective results and are confident of resolving any issues identified during the risk assessment process.

Try our simple 8 point COMPLIANCE CHECK. How well do you comply?

1. Do you have a suitable and sufficient Fire Risk Assessment?
2. Was the Fire Risk Assessment completed by a 'Competent Person'?
3. Have you implemented the significant findings of the assessment?
4. Do you have the required fire safety documentation:
(Fire Policy, Emergency Plan & Fire Evacuation Procedures)?
5. Where appropriate, are you carrying out adequate fire training to your workforce?
6. Do you have evidence that you are managing your fire safety regime to the required standards?
7. Do you have up to date records for the maintenance of fire equipment and other fire safety regimes
(e.g. fire drills, testing of fire alarms, training etc.)?
8. Do you periodically review & revise the Fire Risk Assessment as required?

Call me to discuss your answers

If you have answered **NO** or you **DON'T KNOW** to any of the questions then it is highly probable **YOU WILL NOT BE COMPLYING WITH THE FIRE REGULATIONS** leaving you vulnerable and wide open to enforcement action, and even prosecution.
