

FIRE RISK ASSESSMENTS - OPEN AIR EVENTS

Do you hold open air events?

We are here to help you comply with the Fire Regulations.

“With 38 years operating within the Fire Industry I can personally help with your Fire Risk Assessments, not only if you have had one in the past but also if you are unsure if you comply with the regulations.

FCMS can even help if you have outstanding compliance actions plus we can review your previous Fire Risk Assessments and advise on the best course of action to take to achieve compliance.”

PETE MOULSON-MANAGING DIRECTOR

20
NATIONWIDE
FIRE RISK ASSESSORS

We provide Fire Risk Assessments for theme parks, zoos, music concerts and festivals, sporting events, country fayres, race meetings, fairgrounds, street festivals, religious festivals, balloon festivals & car-boot sales.

How we complete your Fire Risk Assessment

- We send an accredited Fire Risk Assessor to you.
- Our Fire Risk Assessor will compile and complete a report about all matters relating to fire safety.
- We will issue a report highlighting satisfactory areas along with areas that require attention or do not comply with the Fire Regulations.
- We will discuss your action areas with you and plan a course of action.
- Provide access to your report in our secure portal.
