

**EDUCATIONAL WORKSHOP**  
**1st March 2019**  
**9am-1:30pm at Manchester Airport Marriott Hotel**  
**[www.fcmsltd.com/events](http://www.fcmsltd.com/events)**

**How SERIOUS do you take FIRE SAFETY?**

Attend our workshop to be educated, share experiences plus learn from experts who will provide you with the knowledge such that you understand your compliance responsibilities, how to avoid enforcement action and to achieve regulatory compliance.

**What do we mean by “taking FIRE SAFETY seriously” look like for your business?**

Your attendance allows you to perform a self-analysis of your businesses position and a free, no obligation, follow up meeting with our industry experts. Your challenges drive our solutions to provide you with a shield against the destructive power of fire, thus allowing you to protect people, property and your reputation.

**Fire safety is and always has been a hot topic!**

Now, post Grenfell there is even more focus and a policy of zero tolerance for Responsible Persons and organisation’s failure to fulfil their legal obligations with the enforcement register being as prolific as ever.

Consequently, organisations across the country are now investing more time, money and energy than ever before to ensure they take the necessary steps to protect lives, assets and their reputation.

**The Speaker**

This workshop will be hosted by Pete Moulson (MIFSM & FRACS accredited Fire Risk Specialist), an expert with over 36 years operating within the Fire Industry.

The workshop is open discussion where you can meet like-minded businesses to share the challenges surrounding Fire Safety, plus learn more about how to achieve that peace of mind status so you can ensure employee safety.
